

Last year over 8,375 tonnes of materials were collected from Recycling Centres & Points.

Thank you for helping to get it sorted.

This leaflet provides information on how to make the most of your local Recycling Centres & Points.

Ways to reduce your waste:

Love Food Hate Waste

Many of us don't realise the amount of food we throw away. Over a third of the food we buy in Scotland is thrown in the bin and at least half of this could have been eaten. For hints & tips and recipe ideas to help you reduce your food waste go to www.wasteawarelovefood.org.uk

Reusable items

If you have finished with an item in good condition someone else may be able to use it. There are a number of reuse projects which will accept donations of furniture and electrical items in good working order. Charity shops accept donations of a variety of reusable items in good condition. There are lots of ways to buy and sell second hand items including auctions, online auctions, car boot sales and small press adverts. For more information please visit www.wasteawaretayside.org.uk

For more information and other ways to **Reduce, Reuse** and **Recycle** your waste please visit www.wasteawaretayside.org.uk

Recycling in Angus has reached 34.7%

Like all local authorities across Scotland, Angus has been set a series of targets by the Scottish Government for increasing the amount of waste that is recycled and reducing the amount of waste that is sent to landfill.

Householders across Angus have realised the importance of recycling their waste and thanks to this our recycling and composting rate is 34.7%. However, it is important that we look ahead to the next target of 40% recycling and composting by 2010.

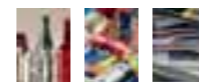

Your contribution is vital to making sure we achieve this target, through making the most of your local Recycling Centres & Points. You can also help by reducing and reusing your waste wherever possible.

If you have any queries, or would like to find out more, please call the **ACCESSLine 08452 777 778** or email recycling@angus.gov.uk

If you would like to receive more information about **Reducing, Reusing** and **Recycling** your waste visit www.wasteawarescotland.org.uk and click on the **Ezine** button.

The Waste Aware Scotland programme is funded by the Scottish Government, as part of their commitment to a Greener Scotland. To find out more, or to pledge your support, please visit www.itsourfuture.co.uk
